Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 29 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Fine, dry and warm for many. Wet in far northwest.

This Evening and Tonight:
Good clear spells over England and Wales allowing for a cold night, perhaps with a touch of frost in rural spots and a few fog patches. Cloudier further north with stronger winds and rain persisting over north and northwest Scotland.

Tuesday:
Rain in north of Scotland and some low cloud and fog affecting Irish Sea coasts. Else, dry with long sunny periods and becoming very warm inland England and Wales.

Outlook for Wednesday to Friday:
Rain in the north edging south and easing on Wednesday. Otherwise dry, warm with sunny spells. Very warm in the southeast on Wednesday, becoming cooler from the north through Thursday.
